The Howes Tract.

Worth Reading.

A Splendid Piece of Property Placed on the Market.

THE Southern California Land Co.

AGAIN TO THE FORE.

THE HOWES TRACT, on Jefferson street, including the handsome home residence and charming grounds of F. C. Howes, Esq., Cashier of Los Angeles National Bank, to be subdivided—375 large lots (one-fifth of an acre each), with nine beautiful residences, including the large cottage of 10 rooms of Mr. Howes, graded streets, etc., to be sold on the homestead plan at $190 per lot, in payments of $10 monthly, without interest, with first payment of $30.

The great success of the Southern California Land Company (Baker Block) with the Childs Tract, Urmston Tract, City Center Tract, Williamson Tract, Eleventh-street Block and Columbia Colony has been owing to the wonderfully low rates at which this popular company has placed first-class, well-located property before the public.

It is refreshing to note in the midst of the boom in real estate, that one reliable firm not only gives to the people homestead lots at about one-third the prices charged by others, but also performs all its promises to the letter, in the building of houses, opening out of streets, putting up electric lights and extending the improvements of our city to its farthest legitimate bounds.

The maps of the Howes Tract are now ready and all will be bustle and activity on this beautiful property; surveyors will be laying off streets and avenues, builders will be placing houses and pushing forward at once all the improvements promised, and the tract, now almost all covered with vines, orange trees and splendid foliage, will put on a metropolitan look and keep up with its beautiful surroundings of costly buildings and cottage residences.

The Howes Tract fronts on Jefferson street, west of Vermont avenue. The location is a very popular one, in the direct line of the city's rapid growth, and will soon be reached by lines of street railroad and the motor road on the west.

A great demand has sprung up, and names are coming in rapidly. The large salesroom of the SOUTHERN CALIFORNIA LAND COMPANY, 244 N. Main st., Baker block, is filled every evening with subscribers until a late hour.

$190 per lot is not one-third the price of outlying lots in Pasadena or the rocky canyons around it, and not one-fourth the rate of the farthest subdivision of unmarketable tracts in East Los Angeles.

NO JOKE.

Hazard Preparing for His Excursion to Catalina.

Hon. Henry T. Hazard will to-day send to each of the defeated candidates a copy of the following letter. His Catalina excursion for beaten candidates is no joke, but a bona fide affair, and every one who has even been out with Hazard knows that he is "the boss" of entertainers.

LOS ANGELES, Nov. 5, 1886.—*Dear Sir:* You are respectfully invited to join us (the defeated candidates) in an excursion on the yacht Rambler to the Santa Catalina island. If you can possibly go, would be glad to have you do so. The yacht will leave the wharf at San Pedro upon the arrival of the morning train, which leaves the Old Depot Sunday morning at 9:40. The Rambler is one of the finest yachts on the coast, and belongs to the Los Angeles Yacht Club, is in charge of Capt. "Gus," late second officer on the steamer Falcon, and a reliable officer. In a good breeze the yacht will run from San Pedro to the Island in 3 hours—and will carry 75 people. The yacht will return on Monday—Sunday evening being spent on the island. Every convenience and comfort will be provided. This is a bona-fide invitation and no joke, so please join us and have a good time. I am, yours respectfully,

HENRY T. HAZARD,
Late candidate for the State Senate.

NIP AND TUCK.

A Close Race Between Swift and Bartlett.

The Democratic Candidate Slightly in the Lead.

The Latest Returns Give Him a Plurality of 300 Votes.

Carlisle Returned to Congress in Kentucky—Indiana and New Jersey Excited Over Frauds—The Outlook in Other States.

By Telegraph to the Times.

SAN FRANCISCO, Nov. 5.—[By the Western Associated Press.] Almost complete and corrected returns from forty-two counties, and partial returns from nine, including one precinct in Del Norte, and the San Francisco count complete, all but five precincts, give Swift 68,956, Bartlett 68,312, Russell 3425, Wigginton 6183, O'Donnell 11,107.

BARTLETT'S LEAD IN SAN FRANCISCO.

SAN FRANCISCO, Nov. 5.—Complete returns from this city give Swift 15,550, Bartlett 17,629, Wigginton 3045, Russell 313, O'Donnell 8916. It was impossible to obtain the vote for Cox, the labor candidate. These figures show that nearly the entire registered vote of the city was cast. An examination of the vote in detail shows that Bartlett had a plurality in seventeen of 21 Assembly districts out of a total of twenty-one in this city. These figures also show that O'Donnell polled nearly one-fifth of the entire vote of the city.

SAN FRANCISCO, Nov. 5.—Bartlett's plurality in the city is 1979. It is believed that he is elected by about 100 plurality.

BARTLETT'S ELECTION CLAIMED.

SAN FRANCISCO, Nov. 5, 11 p.m.—No further changes of any importance in regard to the election for Governor have come in since 9 o'clock. The principal change that will take place will be in Humboldt, where complete returns will cut down Swift's reported plurality, as the remaining precincts to be heard from in Mendocino. These will increase Bartlett's plurality in that county by about 80. The only counties to be heard from, likely to favorably effect Swift's columns, Del Norte and Inyo, but his pluralities there will be so small that they cannot materially affect Bartlett's present plurality. Had it not been for the corrections from San Benito county and Salinas the vote would have been nearly a tie between the two candidates. The Republicans now concede that the State has gone to Bartlett. His plurality will be about 300.

SAN FRANCISCO, Nov. 6, 1 a. m.—There are no additional election returns which convey any definite information regarding the majority on the State ticket, or in the Congressional districts. Nor can the completion of the Legislature be given further than that body will be Democratic.

THE EASTERN ELECTIONS.

Carlisle Returned to Congress—The Result in Several States.

CINCINNATI, Nov. 5.—[By the Western Associated Press.] The official count in the Sixth Kentucky District shows the following majorities: Boone—Carlisle, 531. Campbell—Thobe, 718. Carroll—Carlisle, 338. Gallatin—Carlisle, 35. Grant—Carlisle, 460. Kenton—Thobe, 915. Pendleton—Carlisle, 548. Trumble—Carlisle, 373. Total, Carlisle, 2491; Thobe, 1633. Carlisle's majority is 708.

With reference to his comparatively small majority, Carlisle said to-night to an Associated Press reporter: "If the vote against me last Tuesday had been larger than the vote against me heretofore, some significance might be attached to it. Such, however is not the fact. Two years ago my opponent received nearly twice as many votes as were cast against me on Tuesday, and yet two years ago my majority was 6000. The issues are by no means confined to States or districts whose representatives voted to consider the tariff bill at the last session of Congress, and there is nothing in the result to discourage the advocates of reform. Many causes contributed to the defeat of our candidates in the different localities. In some the cause was local and some general. At any rate, there is no just cause for alarm or despondency. The Democratic party has survived many defeats which would have been fatal to any other political organization, and this little repulse will only stimulate to greater exertions in the future. We need not surrender any principle or abandon any policy heretofore announced, but we must prepare to meet our opponents openly and manfully in every issue that divides the two parties."

NEW JERSEY WILL HAVE A RECOUNT.

NEWARK (N. J.), Nov. 5.—The board of canvassers met in all the counties to-day and canvassed the votes of Tuesday's election. In Hudson county no result was arrived at, and the board adjourned until to-morrow. A recount will be ordered in the Second District where Peck (Rep.) was elected over Denny (Dem.) by five majority; also in Sixth District where Crane (Dem.) was elected over Ward (Rep.) by 23 majority. In the Second District (Passaic) it is not yet decided whether the tie between Emly and Carroll will be settled by a recount or a new election. The Legislature shows a Democratic majority of one on joint ballot without Emly's district.

TRENTON, N. J., Nov. 5.—Republicans and Democrats have representatives on guard at each district disputed. Both parties claim the Legislature by one majority. A new dispute has arisen in the Second Assembly district (Essex county). James Pack (Rep.) was returned as elected by a small majority over John Denny (Dem.). Denny will demand a recount on the ground of fraud.

THE RESULT IN OHIO.

CINCINNATI, Nov. 5.—A special to the Commercial Gazette reports the conclusion of the official count in the Seventh Ohio district. Campbell (Dem.) has a majority of 30 over Little (Rep.).

CINCINNATI, Nov. 5.—Returns have been received from eighty of the eighty-eight counties in Ohio. The counties to be heard from are Carroll, Paulding, Union and Williams. If these have voted as they did for Governor in 1885, Robinson (Rep.), for Secretary of State, will have a plurality of 11,488. The indications are that his plurality will be reduced slightly below that figure by returns yet to be received.

CHARGES OF FRAUD IN INDIANA.

INDIANAPOLIS, Nov. 5.—The Legislature stands as follows: Senate—Republicans, 19; Democrats, 31. House—Republicans, 55; Democrats, 45. Total—Republicans, 74; Democrats, 76.

INDIANAPOLIS, Nov. 5.—A good deal of local excitement is developing here in political circles over the alleged counting out by the Democratic canvassing board, of Mr. Irvin, Republican candidate for Judge of the Criminal Court. On the face of the returns Mr. Irvin had a good majority, but when the canvass was completed, his Democratic competitor, Mr. Ayres, was declared elected by 71 votes.

During the canvass of the vote many disputes occurred about erasures and changes in the tally-sheets, and all these were decided in favor of Ayres. The Republicans charge that the changes in the tally-sheets were made by order, or at least by the consent of the canvassing board. The count was the subject of excited talk among Republicans during the day, and it was determined to make an effort to locate the alleged fraud. The case was presented to Judge Woods of the Federal court, and he called the grand jury before him, and informed them that they had jurisdiction in the matter, and the investigation was limited to no particular charge. No other legal proceedings were taken. This afternoon at 4 o'clock the Democrats held a public meeting at the Supreme Court room. It was charged that the Republicans were trying to steal the Legislature, and a committee of 100 was appointed. In the evening a citizens' meeting was held in the court-room, presided over by Gen. John Coburn. Resolutions were adopted and a sub-committee of five appointed to name a committee of 100 citizens of both parties to assist the authorities in ferreting out frauds and prosecuting the guilty parties. Several Democrats participated.

ASK A RECOUNT.

LOWELL (Mass.), Nov. 5.—At a meeting of the Board of Aldermen to-night, petitions were received asking for a recount of the Congressional vote in every ward in the city.

SPRINGER'S MAJORITY.

CHICAGO, Nov. 5.—The daily News's Springfield, Ill., special says: The official count of the vote for Congressman in the Thirteenth district, shows a majority of 947 for Hon. William M. Springer.

MINNESOTA PROBABLY REPUBLICAN.

ST. PAUL, Nov. 5.—At midnight, with official returns from sixty-five of eighty counties, and nearly complete returns from the rest, the Pioneer Press figures M'Gill's majority at 3874. The Globe still claims the election of Ames, though not giving exact figures.

A largely-attended mass meeting was held by Democrats at Minneapolis to-night, to protest against Ames being counted out, and a considerable fund was raised to protect his rights in this respect.

IOWA ABOUT AS LAST YEAR.

DES MOINES, Nov. 5.—The State Register has returns from every county in the State, which give Jackson (Rep.) for Secretary of State, a majority of 15,654, a Republican gain of 8805 over the vote for Governor last year. Complete returns from ninety-four counties give Jackson 172,071, and Seitz 156,466. The remaining counties, which have reported only by majorities, will increase the total vote to about the same as last year.

TELEPHONE LITIGATION.

An Injunction Against the Pan-Electric Obtained in Texas.

GALVESTON, Nov. 1.—[By the Western Associated Press.] A special from Dallas to the News says: Judges Pardee and McCormick of the Federal Court by consent of both parties granted a preliminary injunction in favor of the American Bell Telephone Company against the Pan-Electric Company operating at Dallas, Fort Worth, Denison and Abilene, and upon request of the defendants, allowed them ninety days to operate their telephones, but required them removed after that time. The court sustained the plea to the jurisdiction filed in behalf of A. J. Garland, Isham G. Harris and other non-resident defendants.

Labor Party in Nevada County.

TRUCKEE, Nov. 5.—The citizens organized a labor party last evening. The following pledge has been signed by a majority of the voters of the precinct, including nearly all the prominent business men:

"We, the undersigned, hereby solemnly affirm the necessity of a labor party in 1888, a party whose purposes shall be to cure monopoly, stifle competition, free our State from the Chinese curse, and foster and protect the rights of the American laborer, and we hereby severally pledge that we will earnestly work for the establishment and success of such a party, and will support no candidate for a county office who is not a nominee of said labor party. This pledge shall be binding upon each of us if a labor ticket is nominated in Nevada county in 1888."

A Double Tragedy.

WAXAHACHIE (Tex.), Nov. 5.—Information reached here to-day of the assassination of Deputy Sheriff Samuel Lindsay in Raines county, by Joseph Stroud, formerly a resident of this county. Deputy Swertle went after Stroud to serve a warrant charging him with carrying mortgaged property out of the county. Stroud opened fire when the warrant was read, instantly killing Lindsay. Deputy Swertle thereupon fired, killing Stroud.

Wyoming Rejoices.

CHEYENNE, Nov. 5.—The news of the appointment by the President of George W. Baxter of this city as Governor of Wyoming reached here this afternoon. It caused great rejoicing among the people. Baxter is one of the leading stockgrowers of the Territory and was formerly a captain in the United States Army. He is a graduate of West Point and a son of the recently deceased United States Circuit Judge Baxter.

Bay District Races.

SAN FRANCISCO, Nov. 5.—At the Bay District races to-day Maud won the pacing match, taking first, second and fourth heats, and Mink the third. Time, 2:26¾, 2:20, 2:26 and 2:23. Lot Slocum won the trotting purse, taking first, second and fourth heats, with Daisy S. third, the other starters being Woodmont and Wormwood. Time, 2:28, 2:25¼, 2:24¼, 2:24¾.

Death of Father Joseph.

LOUISVILLE (Ky.), Nov. 5.—Father Joseph died at Gethsemane Abbey at Newhope, Ky., aged 87. In the world he was M. Cordia Collier, an opera singer, music teacher and composer, well known in Europe and America. He was a member of the order of Trappists.

No Tally at Marysville.

MARYSVILLE, Nov. 5.—The local offices absorbed so much attention that no tally was kept of the State ticket. Sutter, it is said, however, gives Bartlett a majority of 15 to 20.

ALL A MISTAKE.

The Strike at Chicago Comes to a Sudden End.

The Order Calling on Armour's Men to Stop Work Repudiated.

Master Workman Butler Denies Having Issued It.

Half of the Strikers go Back to Work at Once—Indications of Weakness of the Knights Among the Stockyard Employes.

By Telegraph to The Times.

CHICAGO, Nov. 5.—[By the Western Associated Press.] Contrary to first reports, a large majority of the beef-packers at Armour's declined to leave their work at the order promulgated as coming from J. M. Butler, their Master Workman of the Knights of Labor. Butler refused to-day to acknowledge having issued the order for them to strike, and denied being responsible for any such mandate. Just 400 men out of 1500 employed in Armour's house obeyed the instruction to quit. Fully 200 of the 400 quickly returned to work. No clear explanation of how the order came to be circulated was obtainable this evening.

Master Workman Butler said he was unwilling to talk on the subject further than to state that he was not at the meeting last night when the order was read, and that he must decline all knowledge of the order. Notwithstanding Butler's declaration, an employé who refused to strike, said that the order was not only in the handwriting of the Master Workman, but it also had his signature appended to it.

The meeting of twenty-three delegates from the different departments of the packing house was held, to-night, to consider the question of continuing or ending the strike. The committee had advisory power merely. What decision was arrived at the delegates declined to say.

FOREIGN BUDGET.

Turbulent Times in Bulgaria—Notes from Abroad.

TIRNOVA (Bulgaria), Nov. 5.—[By Cable.] The Russian Captain Nabakoff, the leader of the coup d'etat in May last, at midnight on Wednesday last led a band of Montenegrins, which attacked the prefecture at Bourgas, seized the prefect and other officers, and proclaimed Russian rule. The government has sent troops to quell the revolt. An officer who escaped from Bourgas says the populace are awaiting the coming of troops to make them to an attack upon the Russians. Nabakoff's band started from the Russian consulate. Five Zankofites are among the revolutionists. A Russian war ship is at Bourgas.

An ukase has been issued granting amnesties to the regiments that assisted in the deposition of Prince Alexander.

A FRENCH OPINION.

The anglophobic French newspapers, commenting on the result of the Canadian elections, draw the conclusion that Lower Canada is preparing to secede in order to be better able to live in accordance with its French instincts, and to prove that it will no longer be dominated by Anglo-Saxon masters.

PATTI COMING.

LONDON, Nov. 5.—Mme. Patti will sail from Queenstown for New York on Sunday.

MORE SHOCKS.

Charleston and Suburbs have Another Scare.

COLUMBIA, S. C., Nov. 5.—At 12:33 this afternoon the severest shock since August 31st occurred. It lasted 40 seconds. Buildings rocked violently.

There was the severest shock yet felt at Sumter at 12:25 to-day, and a severe and continued shock at Greenwood, S. C., at 12:45—perhaps the second heaviest yet felt.

All the schools of this city were in session at the time of the shock. One pupil in a colored school was trampled in the panic, and several pupils in another were injured by falling plastering.

CHARLESTON, S. C., Nov. 5.—Specials from Walterboro, Greenwood, Chesterfield, Laurens, Abbeville and other points in the State, indicate that the shock to-day at those places was severer, and so severe as to make people rush into the streets, and caused the Circuit Court to adjourn unceremoniously. To-night all is quiet in Charleston.

Going to the Hub.

WASHINGTON, Nov. 5.—Secretary and Mrs. Endicott, accompanied by Mrs. Cleveland, left for Boston this afternoon. The President will follow on Sunday.

Stocks and Bonds.

By Telegraph to THE TIMES.]

NEW YORK, Nov. 5.—Government bonds were dull and heavy for registered 4½'s and coupon 4's.

Stocks more active. Consolidated gas and San Francisco were all strong and served to rally the general market, which was strong until about 1:30, but reminded the close. Erie, Central and Reading also attracted considerable attention for their activity and strength. The weak spots in the market were Pennsylvania and Lackawanna, on account of the unfavorable outlook for a settlement. Oregon Transcontinental was one of the features of the afternoon's dealings, it was supposed for the account of Mr. Villard.

Money on call: Active; 4@7 per cent., closing at 5 per cent. asked.

Prime paper 6@8.

Sterling exchange: Fairly active; steady; 84 85¾ for 60-day bills; 84 88 demand.

THE COUNT.

SWIFT AND BARTLETT RUNNING A CLOSE RACE.

The Republicans Probably Carry the Sixth District—Full Reports Still Lacking from Several Counties—Some Completed Returns.

By Telegraph to the TIMES.]

SAN FRANCISCO, Nov. 5.—[By the Western Associated Press.] The Evening Bulletin publishes figures giving returns from 173 precincts in the city, with three only to hear from. They give Swift 15,273, Bartlett 17,174. The plurality for Bartlett in the city is 1901. This shows a heavy gain on the noon count.

The Democrats have elected the full city ticket, except Reddick (Rep.) for County Clerk, Anderson (Rep.) for Superintendent of Schools, and Siebe (Ind. Rep.) for Assessor.

SAN FRANCISCO, Nov. 5, 9 p. m.—The corrected count up to this hour gives Swift a plurality of 1778 in the country. It is claimed that an official count will give Bartlett a plurality in the city of 1975.

Returns received up to this morning show that the Republicans have elected Morehouse and Beatty in the Second and Third Districts to the State Board of Equalization, and the Democrats Sisss and Gaffey in the First and Fourth.

VANDEVER DECLARED ELECTED.

SAN FRANCISCO, Nov. 5.—The latest returns almost conclusively show that the Democrats have carried the First and Second Congressional districts. The Third, Fourth and Sixth have gone Republican. The Fifth is still in doubt, but the Republicans claim it for Felton. The Democrats have elected their full city ticket here except County Clerk.

SAN FRANCISCO, Nov. 5.—Later returns from Monterey county give Bartlett 39 plurality. The first returns gave Swift 77.

SOME CORRECTED RETURNS.

SAN FRANCISCO, Nov. 5.—A dispatch from Redwood City says: Bartlett's plurality in San Mateo county will be 150. Both parties concede this. The exact figures are unattainable. This will improve Swift's chances by 60 votes.

Marin county gives Swift 13 plurality, a loss of 1.

HOLLISTER, Nov. 5.—Mistakes have been made in the report of returns from San Benito county. Reports from all precincts in the county give Bartlett 170 majority. Previous reports gave Swift 37.

FRESNO, Nov. 5.—Returns from all but four precincts give Bartlett 602 plurality. The precincts to hear from gave Cleveland 9 majority. The Democratic county ticket is elected. The Republicans elect Supervisors for the first time since the county was organized. The Democratic gain over 1884 is 218.

INCOMPLETE COUNTY REPORTS.

SAN FRANCISCO, Nov. 5.—Reports from Eureka just received state that Humboldt county in twenty-three precincts gives Swift 1758, Bartlett 1345, with fourteen small precincts to hear from. All the Democratic figures from Del Norte, Inyo, Marin, Mendocino, San Bernardino, Shasta, Sutter and Tuolumne counties are still incomplete. All the precincts of those figures stand, Swift 72,228, Bartlett 73,142.

SAN BERNARDINO, Nov. 5.—Twenty-six precincts out of thirty-three give Swift 1580, Bartlett 1238, Waterman 1105, Tarpey, 1145, Lynch 1085, Vandever 1134. The seven precincts to hear from will give a Democratic majority.

SAN BERNARDINO, Nov. 5.—When all the returns are in they will give Bartlett from 50 to 60 majority in this county.

ELECTION NOTES.

Delaware's Official Returns—The Result in Indiana.

WILMINGTON, Nov. 5.—[By the Western Associated Press.] Delaware's official returns, complete, foot up for Governor—Biggs (Dem.), 13,942; Haffecker (Pro.), 5663. For Congress—Pennington (Dem.), 13,877; Cooper (Pro.), 6985. The Legislature is solidly Democratic.

A MIXED RESULT IN INDIANA.

INDIANAPOLIS, Nov. 5.—The Democrats have the Legislature by two majority on joint ballot, according to the latest advices. The Republican plurality on the State ticket will be about 4000.

MINNESOTA DOUBTFUL.

ST. PAUL (Minn.), Nov. 5.—Returns have not been received from all the counties yet, and both Democrats and Republicans are claiming the State offices, the former by 5000 to 7000, and the latter by 2500. An official count will be required to determine the result.

DEACON WHITE ELECTED.

NEW YORK, Nov. 5.—Complete and corrected returns for the Third Congressional District of New York State show that S. V. White (Dem.) is elected by majority of 276.

FAVORABLE TO CARLISLE.

CINCINNATI, Nov. 5.—Carlisle is probably elected, but by a narrow majority. He claims 400 to 500. The official count begins to-day. Returns from Newport the chances are decidedly favorable to Carlisle.

REPUBLICAN SUCCESS IN NEVADA.

CARSON (Nev.), Nov. 5.—The Republican Congressman and the entire Republican State ticket is elected, with the exception of Edwards for Supreme Judge. The Legislature is Republican by about three-fourths on joint ballot.

DORSEY'S CANDIDATE DEFEATED.

SANTA FE, Nov. 5.—A special to the News says: Anthony Joseph is re-elected to Congress over J. W. Dwyer, ex-Senator Dorsey's candidate by over 2,000. Every county has gone Democratic.

WEST VIRGINIA'S ELECTION.

CHARLESTON (W. Va.), Nov. 5.—From the most reliable information received here the next Legislature will be Democratic on joint ballot by nine votes.

WHO WILL BE GOVERNOR?

ST. PAUL, Nov. 5.—Three entire days have passed since the pols were closed, and it is not yet certainly known who is to be the next Governor of Minnesota. Both parties still claim the election of their respective candidates, and charges of fraud and prospects of a protested contest and possible litigation are looding up unpleasantly.

The Suspected Express Messenger.

ST. LOUIS, Nov. 5.—Superintendent Dansell, of the Adams Express Company, and Robert Pinkerton, detective, visited the grand jury room just before noon to-day. No definite information regarding the object of the visit can be obtained, but the inference is that either they asked the jury to indict Frothingham, the messenger who was recently robbed, or requested the jury to issue a bench warrant for his arrest. His mother has arrived here, and it is understood that she will take legal measures to procure the release of her son from the custody of the express people, and to prevent this it is presumed that the express officials took the action they did to-day.

A Lawyer Murdered.

SANTA ROSA, Nov. 5.—J. T. Noon a well-known lawyer, was shot and killed in his office here this morning. John Bailiff, a farmer, and Al. Read, his brother-in-law, were found in the room with him, together with three pistols partly emptied, eight or ten shots having been fired. The cause is not made public yet, but rumor points to matters of a private nature.

EARTHQUAKES.

Several Southern Cities Visited by Sharp Shocks.

SAVANNAH, Nov. 5.—[By the Western Associated Press.] A sharp shock of earthquake was felt here just as the clocks were striking 12 to-day. Tybee Island reports it the heaviest felt there since August 31, and preceded by a loud rumbling. It lasted thirty seconds, and the people all rushed into the streets. No damage was done beyond the cracking of glass.

MACON (Ga.), Nov. 5.—A slight earthquake shock was felt here at 11:27 o'clock this morning. No damage is reported.

RICHMOND (Va.), Nov. 5.—Two slight shocks of earthquake were felt here at 11:30 a.m. The vibrations were felt in the upper portions of houses.

AUGUSTA (Ga.), Nov. 5.—At 12:26 this afternoon there was the severest earthquake shock since August 1st. It lasted twenty-five seconds, and the people rushed into the streets. No damage done.

WASHINGTON, Nov. 5.—A slight shock of earthquake was felt here about 12:35 p.m.

CHARLESTON, Nov. 5.—There was a marked shock of earthquake at 12:26 this afternoon. This was the first shock in the week. No damage is reported and no interruption to business.

RALEIGH (N. C.), Nov. 5.—A light earthquake shock was felt here at 12:25 this afternoon.

FAIR HARVARD.

The Celebration of Its Great Anniversary Begun.

BOSTON, Nov. 5.—[By the Western Associated Press.] The celebration in commemoration of the foundation of Harvard College began at noon to-day. The day's exercises were confined to a meeting of the Harvard alumni. A business session was held at 12 o'clock. At its conclusion a procession of member of the association and invited guests marched to the Sanders Theater, where Oliver Wendell Holmes delivered a masterly oration. After the literary exercises the procession reformed and marched to the gymnasium where a banquet was spread. To-morrow is set apart for the undergraduates. There will be a scratch race, literary exercises, a game of football between the Harvard and Wesleyan teams, a torchlight procession and fireworks.

FOR EIGHT HOURS.

Another Great Strike Begun at the Stock Yards.

CHICAGO, Nov. 5.—[By the Western Associated Press.] In accordance with the order of Master Workman Butler, 1500 beef killers employed in Armour's packing house joined the strikers already out in making a demand that their employers should re-establish the eight-hour working day. About two hundred men remained at work in Armour's beef department, and that house is killing a few cattle.

The information from the stockyards indicates that all the pork men will be ordered out by the Knights of Labor, thus renewing the strike for eight hours in all its former proportions, and throwing between 20,000 and 25,000 men out of employment.

Stole the Ballots.

SAN FRANCISCO, Nov. 5.—Early this morning as the two clerks of the Sixth precinct of the Thirty-eighth District were carrying the tally list and ballots to the Registrar's office they were attacked by two men. In the scuffle which ensued the ballots were taken, but the tally list was preserved. Later in the day the officers arrested one man on suspicion. Other arrests are expected soon.

The Mint Director's Report.

WASHINGTON, Nov. 5.—James P. Kimball, Director of the Mint, has submitted to the Secretary of the Treasury his annual report for the fiscal year ended June 30, 1886. While the volume of the work executed at the mints during the year was greater, he says, than that of the previous year, the total expenditures were less by $197,089.

Sparks's Ruling Sustained.

WASHINGTON, Nov. 5.—The Secretary of the Interior has affirmed the decision of Commissioner Sparks in the case of Cramton vs. Seal of Grand Forks Dak., holding that service of a contest notice by registered letter is a sufficient service.

Fire at Hopeton.

MERCED, Nov. 5.—The saloon and general merchandise store of C. O. Buckley at Hopeton, in this county, was destroyed by fire last night. The cause of the fire is unknown, and no insurance was carried that can be ascertained.

A Storm in England.

LONDON, Nov. 5.—[By Cable.] A remarkable storm cloud has burst over the lake district of England, the heaviest ever known in that locality. The damage to property is very large. Many cattle were lost.

Wyoming's New Governor.

WASHINGTON, Nov. 5.—The President to-day appointed George W. Baxter, of Cheyenne, Wy. T., to be Governor of Wyoming Territory, vice Francis E. Warren, suspended.

Minister Cox's Successor.

CONSTANTINOPLE, Nov. 5.—[By Cable.] It is reported here that Mr. Heap, now Consul-General, will be appointed to succeed Cox as United States Minister.

Ellis College Entertainment.

An entertainment was given at Ellis College Wednesday evening, participated in by the pupils. The following programme was rendered:

Piano Solo, "Reverie" (Merkel)—Miss Myrtle Monroe.

Vocal Solo, "Bliss Forever Past" (Balfe)—Miss Carrie Betts.

Piano Solo, "Sonate" (Clementi)—Miss Ada Ford.

Violin Solo—Miss Lizzie Heine.

Piano Solo, "Impromptu" (Nicode)—Miss Nellie Condit.

Recitation, "Ginevra"—Miss Helen Mar Bennett.

Piano Solo, *a*. "Serenade" (Jensen); *b*. "Valse" (Durand)—Miss Maude Rowan.

Vocal Solo, "The Arrow and the Song" (Pinsuti)—Miss Carrie Betts.

Piano Solo, "Ballade" (Brahms)—Bruno Gortatowski.

Duet, "Spanish Dances" (Moszkowski)—Miss Maude Rowan, Bruno Gortatowski.

Unity Social.

A pleasant musicale and hop was held in Opera House Hall Thursday evening, under the auspices of Unity Church. Following was the programme:

Vocal Solo, "One Morning O So Early"—Mrs. Sanderson.

Piano Solo, "Impromptu," (Chopin)—Miss V. Behrendt. On encore, "The Mill."

Recitation—Miss Hattie Peirson.

Violin Solo, "Prayer" (Stradella)—A. Kutner. On encore, "Spanish Dance."

Recitation, "Women's Rights"—Tom Barnes. On encore, "The Frenchman And The Flea-powder."

Bass Solo, "Fair Dove, Fond Dove"—Mr. Hawthorne. On encore, "Sailing."

OUR NEIGHBORS.

Florence.

MATRIMONY, POLITICS AND BABIES.

FLORENCE, Nov. 4.—[Correspondence of THE TIMES.] The first crop of grapes has been picked, and now the second crop is being gathered in. An estimate of the whole will be given in due time.

Joseph Mace and Josiah Russell are building a substantial barn, 48x56 feet, for Mr. Slauson, one mile west of the Florence postoffice.

Everett Thatter was the good-natured broomstick and Ella Barrow the young, gentle bride. It took just only the Crum of a trick to have the connubial knot well tied. The couple were married in the middle of last month, and their cosy little house, now in process of erection, will soon be ready to be occupied by them.

It seems right that Julian Wright should feel all right, and nothing more than right that we should write and state the (W)right of it. It is a (W)right smart, eight pound young man who was promoted about two weeks since to be foreman of the Green Meadow dairy ranch.

T. E. Cleland, of Florence, smiles and smiles and smiles again. Cause, a young daughter.

Rev. Mr. Crum has a painful leg from the effects of a hurt while at San Diego recently. He thinks that it was a spent ball that did the mischief.

Mr. Ruoff's youngest child died of scarlet fever the night before last and was buried to-day at Rosedale cemetery.

Mr. Lash, at Tajanta, set fire to some weeds yesterday and the flames consumed a small stable and some hay on the place.

The election passed off quietly, with 133 votes cast here. At Florence Bartlett was a little in the lead. There were eight Prohibition votes cast here. THE TIMES has the details. J. F. C.

Pasadena.

THE FIRE DEPARTMENT BENEFIT—SUNDRY NOTES.

PASADENA, Nov. 5.—[Correspondence of THE TIMES.] The entertainment last night for the benefit of a fire apparatus fund was largely attended and admirably conducted. The programme would have done credit to a much more pretentious city than Pasadena. About $200 was realized from the sale of tickets and subscriptions of $275 more were announced as having been received from Gen. Edwin Ward, G. A. Swartwout, A. Cruickshank, E. C. Webster, P. M. Green and R. Little. Prof. Arbuckle has been much congratulated upon his success in preparing the programme.

Mr. and Mrs. Bovey, a merchant of Shreveport, La., has arrived here for the purpose of locating, and at present is the guest of his friend, T. J. Martin.

The increased service on the L. A. and R. V. R. R. is appreciated by Pasadenians. With five trains each way per day and a night train three times a week, besides transportation facilities, may be considered ample. Now is the management give us a 45 or 50 minute round trip rate to Los Angeles, and both their receipts and the satisfaction of travelers will be enhanced thereby.

It is said that the South Pasadena people not only propose to have a $15,000 hotel, but a new depot, commensurate in size and style with the importance of the burg. So let it be.

The plans for the San Gabriel Valley Bank's proposed building, on the corner of Colorado and Fair Oaks streets, provide for a very attractive structure of two full stories and a high basement. The basement will furnish three rooms, one of which will be used by the bank for a safe deposit vault, capable of containing about 300 boxes.

F. L. Jones has rented his new building, adjoining his store, to a candy manufacturer.

The Raymond, by gaslight, is a slightly spectacle.

Mrs. Straight has begun a course of lectures to the public school teachers on educational methods.

The ladies of the Presbyterian Church of this city will give a reception to their pastor, Rev. M. A. Cornelius, on Tuesday evening next, at the residence of Mr. Maynard, corner of Marengo and Colorado streets.

THE SUPERVISORS.

Miscellaneous Business Transacted at Yesterday's Session.

THURSDAY, November 4.

Board met pursuant to adjournment.

D. B. Newell was appointed receiver of Santa Ana and Trabuco road.

C. W. Casaboon was appointed constable for Long Beach.

A communication from Mrs. Theresa Luck in regard to scale bug was referred to horticultural commission.

L. Friel, W. W. Cheney and F. N. Cocke were appointed viewers in matter of extension of Wright road on Laguna ranch.

It was ordered that so much of the Pasadena road district as lies south of south line of city of Pasadena and west of Arroyo Seco, Highland Park school district and Eagle Rock school district, constitute new road district, to be called South Pasadena road district. W. J. F. Bareus was appointed viewer of said district.

The county tax collector was allowed the following deputies at $100 per month: A. Cobler, James S. McKenzie, R. S. Platt, C. D. Mason and Francisco Lopez.

Petition and bond were filed in matter of Carr and Lawton road, in Orange, and H. Stafford, C. Travis and E. Parker were appointed viewers.

Adjourned to November 5 at 10 a. m.

FRIDAY, Nov. 5.

Board met in regular session. Present: Supervisors Macy, Foord, Ross and Venable.

The time for hearing the report of the viewer of Ocean avenue, Santa Monica, was set for November 10th, at 1:30 p.m.

Report of viewer of Azusa lower road, El Monte Road District, will be heard at same time.

Time for hearing report of viewer of Figueroa street extension set for 10 a.m., December 10th.

A communication from G. F. McLellan in the matter of the insurance of the county jail was read and filed.

County Recorder was allowed same number of deputies at same salaries as in preceding month.

In the matter of the Brown road, a deed from Chas. Tullis, guardian of the Smith heirs, was presented, accepted and ordered recorded.

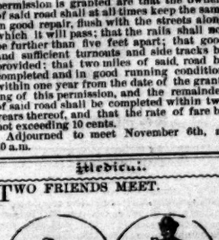
In re Gaffey and Bandini, also L. A. & I. R. R. wharf at Santa Monica, time for hearing set for November 9th at 2 p.m.

In the matter of the street railroad from Alhambra Station, on the Southern Pacific railroad, to the Raymond station, on the San Gabriel Valley railroad, the Board granted the petition for permission to build said road. The conditions upon which said permission is granted are that the owners of said road shall at all times keep the same in good repair, flush with the streets along which it will pass; that the rails shall not be further than five feet apart; that good and sufficient turnouts and side tracks be provided; that two miles of said road be completed and in good running condition within one year from the date of the granting of this permission, and the remainder of said road shall be completed within two years thereof, and that the rate of fare be not exceeding 10 cents.

Adjourned to meet November 6th, at 10 a.m.

Medicinal.

TWO FRIENDS MEET.



"Hello! Old Fellow! What have you been doing to yourself? You look like a subject for the undertaker," exclaimed the man on the right.

"I have been taking mercury and potash mixtures until they have nearly ruined me," squeaked the old man on crutches.

"And I said the other, "I've been taking the genuine Swift's Specific, which has built me up from the first dose."

SWIFT'S SPECIFIC.

Nature's own remedy, made from roots gathered from the forests of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians, who inhabited a certain portion of Georgia, which was conquered from them by the early settlers, and thus the formula has been handed down to the present day. The demand has been increasing until 1,500,000 bottles will be now necessarily to supply the trade. A foreign demand has been created, and ample facilities will be necessary to meet it. This great

...that "popular suffrage" is right in principle, ...but that it has been and is pernicious ...in practice; that it cannot be beneficent ...to the individual and to society until all ...persons, who enjoy the suffrage, can read ...the laws submitted and can be free in ...their action, to vote in accordance ...with their best judgments; and that the ...good of the civilization of a corporation is in ...accordance, the happiness and the dis...tinct intellectual individualities of its ...members.

...that "party politics" and "caucus rule" ...in a corporation would result as they ...have resulted wherever and whenever ...they have been tried, and that they would, ...in these investments, make the producers ...the slaves of wicked dens of water" to ...the tricksters and to the non-producing, ...parasitical classes.

...that it is the duty of the corporation, and ...of each municipality, to publish one or ...more daily papers, and that every member ...be given facilities, free of charge, to publish, ...over her or his name, any criticism, ...discussion and argument.

...that such publications will give every ...one the opportunity to be heard, and ...that this should do away with "stump ...speaking," which is common to popular ...elections, when rapid talkers may urge ...crimes, by awakening their emotions, to ...act against their own interests and ...against those of the common weal.

...that "secret societies," clubs, etc., are ...the result of, and belong to disorganized ...communities; and that, with co-operation ...organized, will come free libraries, free ...schools, and free diversions in physical ...sports.

...that the principle underlying religious ...thought is correct; and that religion is not a truth possessed, but a result sought; that the sentiment of religion is good in the proportion that it inspires a feeling of duty to every creature within the sphere of one's life—a duty in thought and a duty in action—and that religion is sacred and belongs strictly to the individual, and not to the State, to a municipality, to a society, or to an association.

...that marriage is the foundation of the home and of the corporation, and that its contract should be encouraged and witnessed, free of charge, by the corporation; and that every man should have one wife, and every woman one husband, and no more.

...that our mission is peace and useful example to mankind; that our wish is to be courteous to all, to be plain but artistic in dress, correct in speech, modest in conduct; and that, if we should presume to teach in anything, it should be in the department of every-day life.

The Topolobampo Club has an enrolled membership of seventeen.

J. Q. Henck, of National City, was present and gave some information regarding the Topolobampo country and the plan of organization proposed.

Mr. Atwood, who officiated as secretary, announced his intention of visiting the Topolobampo country this month.

Without taking any positive action, the club adjourned until next Thursday evening.

CURRENT NOTES.

New York society has wearied of the masculine girl and she is discarded.

Gotham's good society has given up slumming. Three or four years ago it was all the rage.

Washington Territory claims to have the largest hop field in the world. It covers 300 acres.

Does Europe need a war? There are now 4,570,000 more women than men in that part of the world.

In some parts of Georgia they speak of an 8-mule farm, a 10-mule farm, and so on, to indicate its area or capacity, the mule being the unit of measure.

Diamonds from the South African fields are flooding the London market. The yield is fully a ton a month, and these jewels are in danger of losing their prestige.

The Great San Jacinto Valley

IN SAN DIEGO COUNTY.

AREA, 15 MILES SQUARE.

Eighty-five miles east of Lost Angeles, twelve miles south of Beaumont (formerly San Gorgonio), on the S. P. R. R., sixteen miles east of Perris, on the C. S. R. R., and daily stages to and from these points; climate genial and dry—being fifty miles from the coast. Throat, lung, asthama and catarrh troubles are benefitted, and many chronic cases are permanently cured. Productive land ranging in price from $15 to $100 per acre, for fruits, agriculture, grazing, etc. Alfalfa cut five to seven times a year there. The orange, lemon, fig, apricot, peach, grapes and other kinds of fruit grown in Southern California are produced here.

2000 ACRES OF HEAVY TIMBER FOR FUEL,

Which is sold from $1 to $5 a cord. An abundant supply of pine, cedar, spruce, oak, etc., on the adjacent mountains. Two saw-mills (capacity 30,000 feet daily); 1 planing-mill; 1 fruit box factory; 2 brick yards (2,300,000 burnt and laid up here in two years), price per thousand last season, $6 and $7. First-class lime stone in an unlimited quantity.

EIGHTY-TWO ARTESIAN WELLS,

One of which flows 1,000,000 gallons ever twenty-four hours. River water is being conveyed in iron pipes to a 30-acre tract of mesa land, suitable for most all semi-tropical fruits.

The curative properties of which are famous, and the baths are free to everybody.

A PROPOSITION FOR BUILDING A RAILROAD

Is now before the people. Railroad surveys are on foot. Artesian water is conducted through the streets in iron pipes, and into second stories of buildings.

A $12,000 BRICK SCHOOL HOUSE,

Graded schools, churches, brick blocks. This place has made, as we believe, the greatest growth of any place in Southern California, and has made the most improvements of any new colony in California in the last three years. Its altitude is 1400 feet above the sea. The population in 1883 was fifty persons, and in 1886 is about twelve hundred. No other valley in Southern California has so many advantages. Come and see for yourself and be convinced of this fact.

Election Results.

The tide has turned, and latest reports indicate the election of Bartlett by a very small plurality, which the Associated Press puts at 300. It is possible, of course, that, with the complete count, yet unfinished, with two counties and several precincts to hear from, and with the official footings still to be made, the reported result may yet be reversed; but it is a case of *quien sabe* at present, and nothing but the official count can determine the result "dead sure."

In the Sixth Congressional District Vandever is still clearly in the lead, and without doubt has defeated the Ahkoond of Swat by a small plurality. This is "glory enough for one day," to quote a time-honored phrase, and we congratulate the people of the State of California upon the fact that they are to be represented by a regular United States man, instead of by the inflated potentate of a foreign principality.

The returns on the legislative ticket are still too incomplete to enable us to cate positively the complexion of the two houses, but the aspect of things is Democratic.

Our telegraphic columns furnish full details, as usual.

Expedite the Count.

The tedious and vexatious delays which attend the counting of votes in California, especially in a close contest, is a subject of general complaint, and a remedy for the evil is greatly desired. The case is well presented by the San Jose Mercury, in an editorial headed, "Unnecessary Delay," which we indorse: "On Tuesday the city of New York cast 207,000 votes. On the same day the city of San José deposited less than 3000 ballots. In New York the result was known in one hour after the polls were closed; but in San José it will take at least forty, and has been known to require sixty hours to count and classify the votes. In San Francisco it is still worse, for it will probably be a week before all the votes are counted. There is evidently some superior method of arriving at the result in a city which has a registration of over a quarter of a million of voters. The precincts here are no larger than they are there, the officers of election are just as competent and work quite as faithfully, but they work under a better system there than prevails here in California.

"There is no reason why the result of an ordinary election should not be known in San Jose as quickly as it is in New York and with very little if any additional expense to the county. All that is needed is an extra ballot-box and a double set of judges and inspectors. One set of officers should receive the ballots precisely as they do now, but instead of accumulating all the votes of the whole day, they should change ballot-boxes at the end of every hour, handing one that had been in use to the other set of judges and inspectors, and replacing it with an empty one. This process, followed hour by hour, would leave the last box used at the close of the day with only the ballots of one hour to be counted.

"In a city like San Francisco the method could be simplified still more by having separate boxes for the State, Legislative and Municipal tickets. In this city it would save a long delay, which is not only vexatious, but dangerous. There has been at least one instance in which the death of a citizen can be traced to the exhaustion of sixty hours' counting and recording of votes at an election. Moreover, it is not in human nature to bear a prolonged strain and maintain the accuracy and vigilance which are essential to an absolutely correct count of the votes.

"As we have said, the expense would not be much, if any, greater than that of the present system, while the result would be infinitely more satisfactory. It now requires from two to three days of the services of one set of judges and inspectors, while under the plan suggested two sets of officers would complete the work in one day. There would be the same, and, in fact, increased safeguards against ballot stuffing or manipulation of the ballot boxes.

"It is greatly to be desired that some such reform should be inaugurated and the people be enabled to know the result of an election at once and then settle down to their ordinary vocations, instead of being kept in a state of feverish suspense for hours and days, which unfits them for work and has an injurious effect upon the business of the community."

This is very true, and public opinion is now ripe for a reform which press and Legislature should unite in securing.

The Sixth District.

For purposes of comparison we again print the vote on Congressman cast in the Sixth Congressional District in 1884.

The figures are taken from McCarty's Statistician, and are based on the official vote of the State. As printed in THE TIMES on Wednesday, the table included only the votes of Markham and Del Valle, which were sufficient for the comparisons then required. As printed below, the table embraces also the votes of Gould (Prohibition) and Kinley (Greenbacker).

In the table below the first column shows Markham's vote, the second Del Valle's, the third Gould's and the fourth Kinley's;

	M.	Del V.	G.	K.
Alpine	59	31		
Fresno	1311	1727	39	
Inyo	341	236		
Kern	599	905	5	15
Los Angeles	5447	4660	295	167
Mono	501	360	12	4
Monterey	1470	1306	33	8
San Benito	450	680	37	
San Bernardino	2254	1754	48	15
San Diego	1054	965	50	
San Luis Obispo	1158	1142	39	14
Santa Barbara	1198	1159	111	
Tulare	1294	1708	138	
Ventura	664	697	12	16
	17,197	16,988	821	226

Markham's majorities and pluralities were as follows: In Alpine, 28; Inyo, 45; Los Angeles, 135; Mono, 179; Monterey, 35; San Bernardino, 337; San Diego, 150; San Luis Obispo, 13 plurality; Santa Barbara, 65 plurality.

Del Valle had majorities in the following counties: Fresno, 372; Kern, 186; San Benito, 87; Tulare, 288; Ventura, 8. The total vote of Gould was 821, and of Kinley, 226, making the aggregate vote of the district 35,444. Markham's plurality was 409.

THE Tribune did not continue its philological researches sufficiently far. Br'er Webster has also the following definition: "Pain (old English *Payne*) suffering or evil inflicted as a punishment for a crime. . . . An uneasy sensation in animal bodies of any degree, proceeding from pressure, tension or spasm, or any derangement of functions."

A common form of Payne is bellyache.

A Lesson to Bosses.

The following letter to THE TIMES, on the pertinent subject of bosses, seems to about hit the bull's-eye and to fill a long-felt want, so to speak, in the way of supplying plain Anglo-Saxon for an occasion which demands it. Possibly our correspondent's language is a trifle *too* plain, but, all the same, we let him have his say in his own way:

To the Editor of The Times—SIR: On all sides it is asked, Why this change from Los Angeles Republican to Los Angeles Democrat, or tending so? It is not, it cannot be, a real change of sentiment; it is only a temporary change of votes expressive of teaching a lesson. In Ohio, Democratic bosses ruined their own party. Will California bosses learn a lesson, or are these here so selfishly blind as to see nothing beyond their own noses? Of Los Angeles one may say the bosses have an object lesson thrown directly into their faces. What is that lesson?

It is well known that a Democrat "will eat rotten eggs or kiss a skunk" before he will refuse to vote the whole Democratic ticket. Now, a majority of the votes of this election here, it becomes equally well known, as a true lesson to be remembered, that Republicans are not born with the stomach of Democrats. No rotten eggs will stay down their throats, no skunks will be kissed, and one may bet his bottom dollar a bad candidate will be unmercifully scratched.

Now, Messrs. Bosses, try again to "vote the whole ticket," ring the changes on "the whole ticket," skunks and all, and find yourselves "left." Ye good and honorable candidates, please remember that you tarnished yourselves when, in your benevolent weakness, you allowed the people to vote for every candidate on the ticket, well knowing one candidate was unfit for the office for which he was nominated.

The jury that now brings in the verdict may not have given exact justice to all, but its decision will be understood as against unscrupulous bosses. The real guilty ones are they who forced the people to accept rotten eggs; not they who threw them back where they came from. These things are not said to discourage Republicans; there is no cause for discouragement. There is cause to remember the lesson.

Another election will come one of these days. If a boss stands in your way then shoot him with your little "primary gun." Shoot him when he nominates a bad man for high office! Shoot him on every attempt to boss it over decency! Then will Los Angeles return its previous splendid majorities for the Republican cause.

These injunctions are worthy to be remembered. They are straight goods, all wool and a yard wide. Let them be heeded when next a nominating convention, State, county or municipal, has work to do!

SPEAKER CARLISLE, it appears, is elected instead of defeated. But he had a very close call. Four years ago the Republicans thought it useless to nominate a candidate against him, and two years ago he had nearly 6000 majority. The result in 1886 will do—for "Old Kaintuck."

THE contest in Minnesota is close. Who is to be Governor had not been decided after three days' counting.

AMUSEMENTS.

GRAND OPERA HOUSE.—From time immemorial the Japanese appear to have cultivated, to a high degree of perfection, those physical powers which are depended upon for the performance of acrobatic feats and juggling exhibitions. The skill which they have attained in these respects has called forth universal wonder, and their performances are always heartily appreciated by the multitude who like to watch the perils of balancing and boneless contortion, or to follow with dazzled eyes the quick movements of the jugglers with sticks and balls.

That there is a certain amount of sameness about these exhibitions is not to be gainsaid, nor is that to be considered a detriment. Similarly with the circus, we like it none the less for knowing what is coming. The troupe which appeared last night affords a very good sample of the Japanese ability in the line of performance advertised. The various acts were rendered with skill and courage and in general excellence were quite up to the average of the usual exhibitions of this kind, excepting the "prestidigitator," whose art was of too transparent a quality, and whose tricks were wanting in novelty.

The house was fairly well filled. The Japs will appear again at the matinee today, and for the last time this evening.

Moore Returns.

The more returns, the more we find
That Moore is more and more behind.
The way the voters scratched and smeared
Was never yet in ballots matched—
In fact, as outcome of the scores,
Moore's left for his gallantry.
For of all earthly hope bereft,
"Our Col. Walter's" surely left.

OLD SCRATCH.

POLITICS AND POLITICIANS.

The difference between the trodden worm and Secretary Bayard is that the worm turns and stings, while Mr. Bayard turns—the other check.—[New York Tribune (Rep.).

"Send me something for my crazy quilt," wrote a lady friend to a Cabinet official, who is noted for his gallantry. The gentleman complied with the request by sending to his fair correspondent a handsome printed copy of the latest Democratic national platform.—[Washington Republican (Rep.).

A Pennsylvania Republican office-holder dared the President to remove him, and off went his head. He is a courageous man, but if he had been an honorable one he would have removed himself long ago, instead of being a stumbling block in the way of a reform administration.—[New York Graphic (Dem.).

The tariff issue between the parties is not between protection and free trade at all, but between a protective tariff, which bolsters the people with a weight of needless taxation, and a protective tariff adjusted to yield the government all necessary revenue, and yet give American capital and labor to expand and grow.—[Boston Globe (Dem.).

In the work of educating the masses and compelling them to though fulness on matters in which they are gravely interested, Mr. George is an adept. The people may disagree with him, but he appeals to their brains, nevertheless, and when that end has been attained wrongs always begin to right themselves. Mr. George's place very evidently is in Congress, and if a jolly he doesn't think so.—New York Herald (Ind.).

The Scratcher.

[Sacramento Bee.]

Scratching has become epidemic. It was rife yesterday, even in Kansas. This sort of thing is what plays the mischief with politicians. If it is kept up, where will the scene end?

A Bootiful Suggestion.

[Ventura Free Press, Nov. 3.]

Wouldn't it be well for about one hundred and fifty Republicans in this county to retire to some retired spot and kick themselves for their vote yesterday?

They Need Our Senators.

[Cincinnati Times-Star.]

Indiana's new State house is nearing completion and probably will be ready for occupancy about the time the Legislature meets. The legislative hall is so large and beautiful that the Hoosiers are put to their trumps to find legislators clean and pretty enough to put into it.

Fresh-water Literature.

[Philadelphia News.]

The St. Louis Magazine, under St. Susan B. Anthony, and the Chicago Life, under Sister R. J. Cleveland, ought to corral most of the light literature that floats down the Missouri and Chicago rivers. River water doesn't float much good literature, however. [Sister Cleveland's literary boat has been a fool of a snag and had a hole knocked in her bottom.]

State Taxes.

[San José Mercury.]

In the amount of taxes contributed to the State Treasury, Santa Clara takes the third place on the list of counties, excluding San Francisco. Alameda contributed $83,912.23, Los Angeles $253,361.34, and Santa Clara $216,000.30. From the published accounts of the rapid rise in values in Los Angeles, it is something of a surprise to find that in State taxes, it only exceeds this county by $16,000, but it is the statement of the biennial report of State Treasurer Oullahan.

A Defeated Candidate.

[Boston Transcript.]

"Well, Blank, how are you?" inquired a Mercury of his friend, as he entered the office of the defeated candidate in Tuesday's election.

Blank was strongly tempted to reply with a wet towel across the face, but with a look of disgust on his countenance, described the situation as follows: "I feel as if I had lifted the lids from the tombs of the Pharaohs and gazed at him for a thousand years, and piled with asthma at the end of it."

"I feel just like I do when I have a case of the blazes. I feel as though I had gone to do his duty to God and does do it is not appreciated by man, though I could know of a thousand instances of spots cut out of every one of my friends, who up to the time of the election, from the stump, kept urging me on to that end, and that, if all the votes that I, of all the people, could certainly be elected to the office, I would be the interview by paying me five dollars from each one of them."

"Your defeat was a surprise to you then, was it?"

"Why, of course it was a surprise to me. Blank, I went to work and soaking the votes into my head. I went to work and elected that I had a certain number on a plan for running me for office the next two years in a manner that I would secure an overwhelming majority for the next term."

"Has the campaign cost you much money?"

"Well, I should say it has. I have robbed right and left, and have used conversation nominally as a means of handing money out of my pocket every day from morning until night. I was besieged wherever I went by hungry sellers, peddlers, bummers and bummers, and the whole race of humanity, and the amount I have awoke in the morning with my pocket empty as a Methodist's conscience."

"To what do you attribute your defeat?"

"To underestimating the strength of the enemy. I knew that a majority of the voters would go for me, but I thought their own personal interests would influence everything—no matter what—in order to gain their ends. I thought that some who did all they could to injure me for spite. There was one man in particular I picked up off the street, and by dint of good position, good pay and everything else, every way. Then I thought I had got an act of justice when I had got him back up and out of the gutter, but I got beat me. Then some of the men whose votes against me I had secured, actually resented the favors I had done them."

"What do you attribute your defeat to anyhow?"

"Well, sir, I think it was the d——l, answered the defeated candidate, with his head across the table, "and if you announce your candidacy for an office you may as well wash your hands of torment and wash your face and his imps; you may as well make your peace from that time forward, and prepare yourself a dozen times a day to be thrown into the fight. Oh! I've been through the whole business, and if there is anything more to be said on the subject I'll tell you, my boy, that you will have to get elected on your own merits, or you won't be elected at all. I know better than Jimson or anybody else that I ought to know that; but I didn't do it, and I don't do it now. I was beaten by the voters themselves. The troubles is that they don't get sense enough to vote for the men who will do the most for them faithfully. If they do, they will have received the best service that any one can give them, and I, for one, never mind, I've had my share of it, and I'll get back on me, and I'll get even with them yet, if it takes twenty years."

"The next time, then, you will be a candidate, you, hasn't you?"

"Yes, I'm all broken up, my head aches like blazes, my face is peeled, and every joint in my body is stiff and sore; but you bet your life I will be a candidate again. I've been defeated candidate before, and I'll be one again."

At that point the defeated candidate, carrying a bill back to the bar, walked into the room, and the reporter, with a heavy feeling of disloyalty, went to his office.

[In Los Angeles we have no defeated candidates. We do not do that way. We elect ourselves together and go in a body to the seaside and briny voyage to Catalina Island, where the jew-fish has no fear of the reporter.—ED. TIMES.]

The First Train.

[Chicago Herald.]

"The first boy that ever sold newspapers on trains never got a start," said a train boy running between Chicago and Omaha. "I'm not doing very well. He is known as Colonel Ashby, proprietor of the Ashby House. Hotel. He is a New Yorker by birth, and in his youth, way back in the 40's, he was educated for the law. He graduated at a New York law school, and had at that time a fine practice. He took to fame in a way that is known as 'Lucky' Baldwin, who at one time a peddler of apples among newsboys. One day an old gray-headed man came to the Hudson River and, getting on one of the first trains that ever run in America, was thrown off at Ashby, and allowed his train and dispose of it. He has been prosperous ever since, and has a fine hotel in Albany. Charley does not like it, and is lovingly remembered by all who knew his first trip on the road. Colonel Ashby took one look at the train and said every one was a rich man, and when he was a boy New York boasted a pair of clothes and went on quite a spree. The result was that he missed his train, and 'Lucky' Baldwin got his start in business. He then accepted a position, and when the war broke out he entered the service and became a colonel."

The Correspondence.

José Olevas and Christine Rodriguez, who were arrested for respectively living and selling a vote, were before Justice Ranney and were each fined $500 bail. L. E. Aasbed and Jose Rodrigues, the former a bondsman for the latter a seller, were required to give bail in the sum of $325 each. Both of the men were arrested for selling votes, and are now in jail.

Y. M. C. A.

A Straightforward Appeal for the Proposed Home.

The friends of the Y. M. C. A. in this city, in furtherance of their laudable purpose to found a home here, have issued the following circular:

LOS ANGELES, Nov. 1st, 1886.

Impelled by a deep sense of the absolute necessity of doing a specific and definite work for the moral, social, intellectual and physical welfare of the young men of our city, we have inaugurated a movement to secure for the Young Men's Christian Association of Los Angeles, a permanent home, where they can have every appliance and secure every facility for carrying on their work efficiently.

No argument is necessary to prove the importance of such a work in our midst, for it is patent to all careful observers. For the security and sanctity of home; the perpetuity of good government; the preservation of pure morals, and the welfare and progress of Christ's kingdom, such a work is all-important.

The tides of vice and the waves of immorality that are rolling as a mighty flood over our Pacific coast, are sweeping thousands of our boys and young men into dishonored graves, swelling our criminal records and filling our jails and penitentiaries, and wrecking the happiness of many peaceful homes.

To oppose these powerful adverse influences, there must be a united effort made, in which every good citizen, irrespective of creed, nationality or worldly condition, will take a part. We have determined to raise the sum of fifty thousand dollars ($50,000) for this purpose. A less sum will not provide such a home as is needed, and such as will at once be an ornament to our city and a credit to our philanthropy. We have appointed a committee, representative of our best citizens, to solicit subscriptions, and we earnestly entreat every one to come forward and give us as large a sum as they can afford. The money will not all be wanted at once, but will be made payable one-third cash, one third in six months, and the balance in twelve months. We have ourselves given all we are able to give, and as far as the canvass has been made, liberal responses have been received, assuring us that success will crown our efforts.

LITERATURE ON THE YUCCA.

CRESCENTA CANYADA, Nov. 3.—[To the Editor of THE TIMES.] To-day I presented to Mr. Gary a full-blown yucca. It grew at my home in Crescenta. The yucca is on exhibition at the floral salesroom on the south side of the floral salesroom on the south side of First, between Main and Spring streets. This yucca is remarkable for having bloomed about three months after the close of the regular season. In Los Angeles county the yucca's season of flowering begins about the first of May, and closes about the last of July. This year, at my home, full-blown yuccas appeared in January, and in every month since. I expect full-blown yuccas next month; if not disappointed, in December, I then will have had full-blown yuccas every month in 1886. A few hundred yards away from my home, the yucca's season of blooming in 1886 opened and closed about as previously stated.

I am now nearing the conclusion of a series of observations that will, I trust, enable me to make public the conditions that will assure full-blown yuccas every month in the year; conditions of easy application.

Meantime, let the people start plantations of seedling yuccas, or transplant yuccas from Nature's already-started seedling plantations, or separate rooted suckers for transplantation. In January sow the seed thickly in trenchlets, one-half inch deep. It is not too late to gather the seed, though the best time is the first half of October, for later the wet spells cause the pericarp to swell, and then it tightly imprisons the seed. Therefore, wait for dry weather, and when it comes spread a table-cloth on the ground near the yucca, bend the stem over the cloth, jar the stem, and a shower of clean seed will blacken the cloth. In this way I have gathered a quart of clean seed in a few minutes. Mrs. Dr. B. B. Briggs proposed that a front brink of beautiful and sublime Terrace & Vista be devoted to countless seedling yuccas. In the blooming season that brink, seen at a distance, would seem to be white clouds for drapery, or the beautiful snow for robes. The floral drapery of that brink would be plainly visible at Boyle Heights.

The yucca is perhaps the most admired of all that is within its genus of American liliaceous plants. It is the acknowledged queen of California flowers. The queen deserves a boom. The queen would take kindly to a boom. Turn on the boom.

Card from Editor Vail.

The following card was put into type promptly upon its receipt, and designed for publication in last Tuesday's issue of THE TIMES, but was overlooked in "making up." It is now published, notwithstanding the occasion when it was timely has gone by, for the purpose of setting the author right on the matter cited in issue:

PASADENA (Cal.), Nov. 1.—[To the Editor of THE TIMES.] I am not in the habit of paying any attention to the communications of any individual who has not the manhood to sign his name to what he writes, but, for this once, please allow me space to say that the article in your Sunday edition under the caption "An Editorial Star," and signed by "Republican," is absolutely and unqualifiedly false. I have never uttered, written or printed a word or sentence in defense of the character of Walter S. Moore. On the contrary, I have repeatedly demanded the removal of his name from the ticket, and, as that has not been done, I shall remove it from the Republican ballot I shall cast at the polls November 2d.

H. J. VAIL.

Editor Pasadena Star.

[In what Mr. Vail says about this matter in the last issue of his paper (November 3d), he is laboring under excitement and a misapprehension of the true facts.—ED. TIMES.]

Unhappy Haley.

It will be remembered that some months ago Captain S. Haley was arrested on a charge of attempting to bribe a witness, one Andreas Lopez. Lopez's lawyer was George W. Glowner, for whom Haley has never had much love anyway. The case against Haley was finally dismissed. Yesterday the choleric captain had Glowner and Lopez arrested on a charge of conspiracy. The case is set for hearing November 9th.

The Floater.

Justice Johnson, of Wilmington, held an inquest Thursday on the body found floating in San Pedro harbor. A bullet-hole was found in the head, but, aside from this, no clue was discovered as to the manner of taking off. Nothing was found on the body to identify it, and whether the case is one of suicide or murder is left for conjecture. The jury returned a verdict of death from unknown causes, and the body was duly interred.

They Want $50,000.

The Young Men's Christian Association have issued circulars calling for a subscription of $50,000 with which to acquire land and build a hall for the organization. They have a considerable sum already subscribed, and are confident of raising the entire sum required.

Held to Answer.

James O'Reilly, who attempted to shoot F. Frazer at Alpine some time ago, was arraigned before Justice Ranney yesterday, on a charge of assault to kill, and was held to answer.

Summons.

IN THE SUPERIOR COURT OF the State of California, in and for the County of Los Angeles. Helen C. Cole, plaintiff, vs. James F. Cole, defendant. Action brought in the Superior Court in the State of California, in and for the County of Los Angeles, and the complaint filed in said County of Los Angeles in the office of the Clerk of said Superior Court. The people of the State of California send greeting to: James F. Cole, defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of Los Angeles, and to answer the complaint filed in said County of Los Angeles in the office of the Clerk of said Court, within ten days (exclusive of the day of service), after the service on you of this summons, if served within this County; or, if served elsewhere, within thirty days, or judgment will be taken against you by default and the relief demanded in the complaint. The said action is brought to obtain the judgment of this Court dissolving the bonds of matrimony now existing between plaintiff and defendant, and awarding the custody of the minor child of the parties herein to the plaintiff, for such other and further relief as to this court may seem meet, and for a decree of reference in the complaint for particulars. And you are hereby notified that if you fail to appear and answer the complaint as above required, the said plaintiff will cause your default to be entered and will apply to the court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Los Angeles, this 15th day of October, in the year of our Lord one thousand eight hundred and eighty-six.

CHAS. H. DUNSMOOR, Clerk.

The prospect for California Fruits in Chicago is not up in the following:

Nov. 5.—The Call's Chicago says: "In the Fruit market today 3-crown 3.25 per 40-pound box. Finally some fancy lots of Muscats are in good demand for $2.75@3, the Morocco varieties selling at about the same scarce and firm, ranging from $2.50 per box. Quinces are a dive along at about $1 per box for the season for this fruit is about over. It is the thought advisable to make shipments to this market, and Pears will be wanted as the season for them in California closes."

A Snorting Engine.

Yesterday morning as engine No. 149, A. and P., moved out of the roundhouse at the upper depot grounds and ran down the track to San Fernando street, it had both cylinder cocks open, and was blowing off steam at a furious rate. The noise frightened two teams on the street and caused them to run away. There is an ordinance against this unnecessary engine-snorting along the streets of the city, and it ought to be enforced. Engineers on the Southern Pacific line are obliged by Superintendent Hewitt to observe it.

PERSONAL NEWS.

Mrs. Banning went north yesterday.

T. E. Severance left for San Francisco yesterday.

Ben Hogan, the evangelist, has returned to the city.

E. C. Webster, of Pasadena, was at the St. Elmo yesterday.

H. B. Smith, of National City, was a guest of the St. Elmo yesterday.

Dr. John C. Kirkpatrick, with his family, returned from the East yesterday.

Dr. and Mrs. J. S. Elliott, of Santa Monica, are spending a few days in the city.

G. W. Bacon, of the Pullman Palace Car Company, Oakland, was registered at the St. Elmo, yesterday.

C. J. Fox has returned from an extended trip north, having visited San Francisco, Portland and Victoria.

W. F. White, General Passenger Agent of the Atchison, Topeka and Santa Fé Railroad, left yesterday for San Bernardino. After remaining there a day he will proceed East.

NEW CABLE ROAD.

An Application Made for a Charity Street Franchise.

A syndicate, with Los Angeles and San Francisco capital, and including H. N. Galloway, Geo. C. Knox and J. M. Thompson, has been formed to prosecute an enterprise which would be highly beneficial to the city, and would assist materially in its development. These enterprising gentlemen propose to build a cable road along Charity street from Second to Jefferson, bringing it in to Spring street. Their entire proposition embraces about five miles of cable railroad, and would render easily accessible a large and desirable portion of the city which is now comparatively out-of-the-way. The proposition is a "straight goods." The gentlemen at the back of it are well-known as progressive and reliable. Mr. Thompson was the prime mover and builder of the Second street cable road, and is prominently connected with San Francisco cable road interests. The promoters have applied to Council for a franchise; and as their proposition is a progressive one and addressed to a progressive Council, there is little doubt that the franchise will be granted.

Sale of Valuable Cattle.

Vail Bros., of Nevada, have purchased the Waters herd of thoroughbred Shorthorns and will remove them to their ranch on the Carson river. A part of these cattle were imported and a part of them bred by Mr. Waters on his farm, near San Bernardino and are probably equal to any cattle of this breed in the State. They were exhibited at the late county fair and drew crowds of admirers. Among them are several cows that cost Mr. Waters $600 each, and also the prize Bull "Professor Mike." The Vail's have become well known as breeders of fine cattle, and the Waters herd should be a valuable acquisition to their Nevada ranch.

A Wonderful Sale.

And yet it is not wonderful that lots at $190 in the charming location of the Howes tract should be eagerly sought for by the people for future homes. One hundred and ninety lots have been sold in the few days that this tract has been offered by the Southern California Land Co. (Baker block).

Feather Sale.

To-day and to-morrow at Miss Aikee's, 152 S. Spring st.

Equal to the $1000 Lots.

Yes, the Howes lots at $190 would take the premium at any land fair over the $1000 lots, with their weary approaches over hills and through cañons. The Howes tract is a beautiful, level location, laid out in orange groves and vineyards, with costly shrubbery and ornamental trees. There are no hills, no ravines, no marsh or sickening malaria, no blank or dismal view from your breakfast-room windows. All is life and beauty, with the purple mountains in the distance—the city coming up apace, the delightful air of a salubrious section and the blue sky curtaining the scene.

CHOICE PROPERTY

GIVEN AWAY.

Homes for the Million.

NO GAME OF CHANCE. NO LOTTERY. Every man sees what he buys and buys what he wants, and if not then satisfied, a beautiful lot will be given him if he desires to build a home.

The Sherman Tract

Is located on the south side of Pico st., near the city limits; occupies a commanding elevation which overlooks the surrounding country in every direction; fronts the celebrated Electric Motor Railway on the north, and on the east Magnolia ave., a new street just being opened from Pico to Washington. Among the many choice locations occupying the elevated ridge that stretches from Seventh st. southwesterly to Adams, there is none more desirable than this. The phenomenal growth of the city in its "march to the sea" will soon cover this entire area, and being within ten minutes ride of the postoffice by lightning motor, soon to be running, every lot in this tract must double in value within a few months.

The tract is subdivided into 103 large lots, averaging 92x150 feet, with alleys, all having desirable fronts, and mostly covered with bearing fruits. The prices have been fixed about 25 per cent. below other property of equal value, in order to close the sale within 30 days. Prices range from $255 to $325 per lot. Terms, one-fifth cash, balance in four equal quarterly installments. Every Alternate Lot Will be Donated to persons desiring to build.

Sales will be private and commence on the tract next

Monday, November 1, 1886,

At 10 o'clock a.m., and continue each day at that hour until completed. No sales of lots will be consummated until that day, but selections of lots may be made in advance on application. The office of the owner is with the agents,

CATARRH.

THE TERM CATARRH IS APplied to a peculiar disorder of the nostrils and adjacent parts, which prevails to an alarming extent and is productive of very serious consequences.

The most prominent and characteristic feature is a morbid discharge from the head, varying in its nature at different times.

In some there is an almost constant flow of fluid, watery, bland, but offensive; in others, purulent or muco-purulent, greenish-yellow matter is secreted, which accumulates in the nostrils or drops into the throat, necessitating its frequent removal by blowing the nose or expectoration, and often by both processes. Sometimes patients feel as though their whole head was in a state of rottenness, so great is the amount of matter discharged and so fetid is its odor. The patient is greatly annoyed by the constant dropping into the throat of the mucus from the nose, and as a consequent position naturally favors the flow downward, his rest is frequently disturbed from this cause. Many sufferers are obliged to live with the head very much elevated in order to get relief from some degree of comfort.

In others a tough, viscid and offensive phlegm collects behind and above the soft palate, in the passage between the throat and head, adhering to the parts with ginlish tenacity. Its lodgment embarrasses respiration and creates a sensation of irritation and tenderness in the affected locality, which gives rise to a constant and almost irresistible desire to relieve the discomfort by drawing the mucus into the throat so as to eject it by the mouth. This practice, popularly known as "hawking," is characteristic of catarrh, and proves as embarrassing to the one affected as it is disagreeable to those around him.

Again, the offensive matter hardens and deposits itself on the membranes in the shape of dry, hard concretions, which are discharged by way of the nostrils or throat in lumps or fragments of a greenish hue. In some cases these incrustations accumulate to such an extent as to form a regular plug in the nose, which obstructs breathing and produces serious discomfort. So firmly do these incrustations adhere to the point of attachment that their removal usually requires the most patient efforts; not unfrequently they have to be torn from the membrane. Occasionally a solid cast of notable size is expelled, on which there are generally traces of blood, but in some cases the cast presents a tubular appearance, being of exact shape of the nasal cavity. This condition is indicative of ulceration, which, in time, may destroy the bony structure of the nose and produce a subsequent flattening of that organ.

Cases are occasionally met with in which a thick, viscid, slimy secretion coats the membranes of the nasal cavities and then putrefies, giving rise to a stench which is really overpowering, and sufficiently fetid to poison the atmosphere of a whole room; and there are others in which all the secretions of the membrane seem to undergo an unpleasant fetor, a feeling of dryness, heat and feverishness is the head and nose—a condition popularly known as "Dry Catarrh."

The disease speedily extends to the air cavities of the bones of the forehead and face, giving rise to a distressing sensation of heavy weight or compression over the forehead, especially in the region above and between the eyes, and to a feeling of fulness, heat, irritation, soreness or pain in the nostrils near the roots of the nose, as well as in the upper part of the throat, above and behind the soft palate. Sometimes there is pain obstinately fixed in some particular part, as in the forehead, on the top of the head, at the back of the neck, or in the temples, and occasionally, pain manifests itself in the face of so severe a character that it is frequently mistaken for neuralgia.

The breath is always tainted and at times assumes an exceedingly fetid and sickening odor. In some cases it becomes so revoltingly offensive as to render the sufferer an object of disgust to himself as well as to others.

The nasal membrane is thickened and congested, causing the nose to be stopped up, sometimes on one side, sometimes on the other, and often on both, giving rise to a distressing, snuffy sensation in the nose, and occasioning violent and prolonged paroxysms of sneezing.

The voice is weak, indistinct and wheezy, or of a nasal character, displaying a sort of sniffing duality. Oftentimes there is a continuous hoarseness and discordance. There is also a sense of irritation in the throat, and frequent attempts to clear the parts of phlegm, producing the sound of "hem," more or less forcibly. In some cases patients complain of an uncomfortable feeling of fulness, or a choky sensation in the throat, and in others of a distressing and almost constant dryness, for the temporary relief of which they have to swallow frequently. Others, again, speak of a constant taste or nauseous taste in the mouth or throat.

The eyes participate generally in the pain and becomes weak and irritable; the appetite is capricious and nearly always bad in the morning. The patient is languid, unable to perform mental or physical labor with the usual facility, is nervous, depressed in spirits at times fearful, timid, agitated and inclined to drowsiness and sleep, the memory weakens, and generally the impairment seriously threatened.

The mucous membrane soon becomes morbidly sensitive to unfavorable influences, and in spite of the utmost care becomes affected by the slightest causes, so that at last a breath of wind upon the lining of the nose or throat becomes productive of a cold, and gives rise to a train of diseases of the respiratory organs. Thus the patient is subject to frequent and repeated colds, each attack aggravating the disease by which it is now inspired and involving a larger extent of surface than the previous one. In this manner the difficulty spreads from organ to organ, invading the throat, larynx, trachea and bronchial tubes, sometimes approaching further, and further, it reaches the finer ramifications of the bronchi, when but a slight impulse is required to send it to the tissues of the lungs, and often does, affect other organs in the body, especially those containing a mucous membrane, such as the stomach, bowels, kidneys, etc.

By the employment of proper inhalations in the form of medicated vapor (not steam or spray) we are able to produce immediate and direct action upon the diseased surface in the pharynx and nasal passages, for air will find its way into the most remote and intricate cavities, where it is utterly impossible to make fluid applications reach. By these means every case can be cured.

Persons desiring treatment by this system of practice can use the remedy at home as well as at our office, and which will cause no inconvenience or hindrance to business whatever.

I have seen so many of these cases cured that I do not consider any case hopeless unless the disease has advanced to the chest and that both lungs are seriously involved. Even then the inhalations aid us in dissolving the mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.
